# CLUB REGISTRAR

## Important Notice all 55,56,57 Club members

With **HVRS & CVS** Concessional registration schemes

We have noticed lately that there have been quite a few members not addressing their renewal of RMS Permits for registration until they are close to or overdue.

It would be remiss of us not to let you know if you drive your car after the due date that you are driving an unlicensed vehicle and there for liable for a fine if you are caught.

The RMS sends out renewal notice's one month before the due date and a notice of cancelation one month after that date so the responsibility is all on the operator (Owner) of the vehicle the correct original form (HVRS 1259) or (CVS1835) these must be dated 2019.

You are encouraged to obtain your pink slip well before the due date of your registration and once done it has an expiry use by date of 42 days after the date of issue,

So, it makes sense that you get prepared early for the renewal. Once you receive the renewal notice proceed to get your pink slip ASAP.

This gives you time if there are any repairs are needed, then TYPE in the left side of your original Historic 1259 or for Classic vehicle 1835, with your renewal notice and make arrangements with our plate registrar for a suitable time for them to sign off and apply the club stamp and signature. Or make arrangements to see Aldo at our club meetings.

**Aldo Mazzucco 0414 327 350, located Bexley registrar 3@chevclub.com.au**

Once this is done for **Historic** vehicle's you now only have to go to the RMS with the 1259 form and the original pink slip and pay the due fee.

For **Classic Vehicle Scheme** you need to post the original 1835 form to the ACMC, or you can scan it and send it after its been filled in along with a copy of your pink slip (do not send the original pink slip you will need this when going to RMS to renew registration) and enclose a payment of \$30 by cheque or electronic transfer (no cash payment to be sent in post) to:

Attention the Secretary ACMC; Postal address; PO box 328, Seven Hills NSW 1730. Banking details **Account number 1042 9978 BSB 062-452** and wait for ACMC return mail it should take around 5-7 days. Please use your last name and our club name for reference and email proof to [CVS@ACMC.asn.au](mailto:CVS@ACMC.asn.au). Or in person with Maggie by **APPOINTMENT ONLY - 0429 311 754**. We repeat (do not send the original pink slip you will need this when going to RMS to renew registration). Then go to the RMS and pay the due fee.

Thank you

Aldo Mazzucco

Club Plate Registrar.

We have been contacted by a solicitor re Ben Lawson's Car. As a result, from the action taken by the club a few years ago the Car in question has been sold and the dealer who has purchased it has issues, as the club is still registered as the PPSR recipient.

This means that the cars title cannot **be Cleared** until the club releases the encumbrance. No current committee members have any knowledge if this situation. Aldo to follow up with solicitors to get proof of any actions and paperwork. Members discussed a Stat Dec to release the encumbrance. Then to inform the members.  
Question from the floor

We must ask Gary Wright to come and explain what implications are for the club. What costs can arise and what action to take. Who gave permission to get the PPSR in the first place?

# EDITOR'S NOTES

Hello Everyone,

Welcome to the '55,'56,'57 Chev Club of Australia Magazine.

2022 seems to be a year that just ain't been easy for us car people. Sure Covid has played a part, however the weather we have experienced over the whole country this year certainly has made it hard to plan and proceed with events.

Many event's over the recent month's have had to be canceled due to the bad weather, Chromefest, and The T-Bucket Nationals just to name a few. Although some have been fortunate enough to have been blessed with great weather, like Windsor High School Car Show. Check out the report on pages

I visited the Windsor High School Car Show in October. Check out the story on pages 18 & 19.

I would like everyone to note the changes in the administration and postal details for CVS registrations that have been updated on pages 4 and 22.

On page 5 is our new QR code. It will be printed out for all future meetings and all members will be required to scan the barcode to attend the next meeting on 15th November, 2022

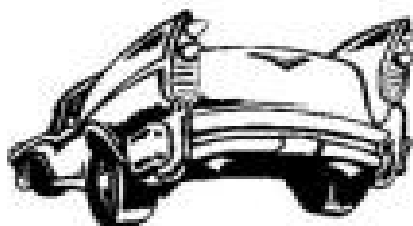

We are getting back to regular scheduled meetings on the second Tuesday of each month, and are looking forward to seeing you all there.

Can you please let John know that you are coming to the next meeting on 15th November so we can cater for you at the BBQ

All the best

Ben Marks

# WINDSOR HIGH SCHOOL CAR SHOW

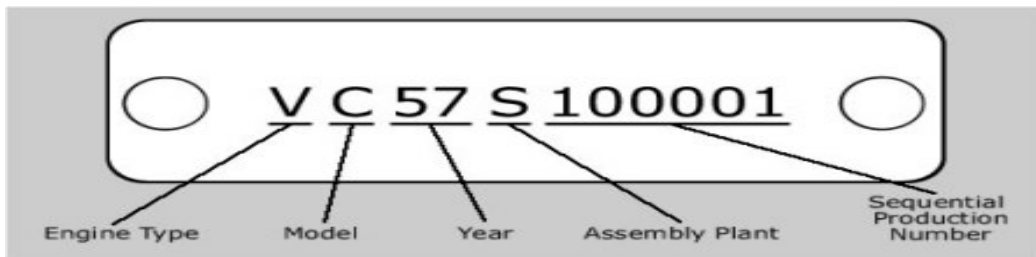

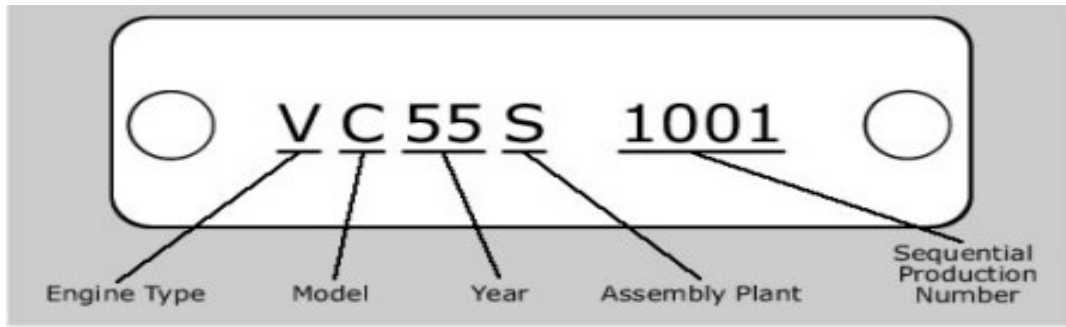

**16 October 2022**

After weeks of rain, The weather gods blessed us with great weather for the day. The crowds turned up early and the show was packed by 10am. There was a great variety of cars on display, and some very exotic stuff in the mix too. There were two carparks, and a few grass areas filled with about 250 cars. Most car's were driven (although the legality of some was questionable) and of course there were a few trailer queens. The '56 convertible below had a nice LS conversion and is a regular cruiser. John Keogh had his Falon convertible there too. The car that got my vote of the day was the Brabham BT-35 (bottom right next page). One of only 37 built and the owner is a regular on track days.

Buying wheels and tires is a major investment so you want to be sure that what you are buying will actually fit your vehicle and not cause problems. Before you buy you have to determine if the rims will clear your disc brake set-up. Will the tires rub on the frame, suspension or worse yet, the body. To help you answer all these questions we put together this chart for measuring the actual clearance on your car. All you have to do is plug in the measurements indicated and you will be able to choose wheels and tires that will not only look great but will fit perfectly.

## HISTORIC AND CONDITIONAL (MODIFIED) REGISTRATION

### HISTORIC AND CONDITIONAL (MODIFIED) REGISTRATION INCLUDING 60 DAY LOG BOOK

To be eligible for historic & conditional registration you must be a member of an RMS approved automotive car club such as ours. Membership of our club is \$80 per annum.

Historic and conditional registrations are both eligible for the 60 day log book trial. The trial allows you to drive your vehicle on 60 individual days at your own discretion. Club events and club sanction runs do not impact on the 60 day log book use.

Fees for concessional registration are set by the RMS & are currently \$51 for registration including green slip plus a once off payment of \$40 for new plates. Conditional registration also attracts an additional annual fee of \$30 to the ACMC.

Personalised plates need to be surrendered, transferred, or placed on hold; the latter attracts a holding fee & any other ongoing rental costs. It is hoped that the RMS may allow personalised plates with conditional registration sometime in the future.

Historic registration (H Plate) is essentially for vehicles 30 years or older that have not been modified, some consideration maybe allowed for manufacture/dealer approved accessories, Limited safety upgrades and unavailability of original parts. In our club registration requires an annual Pink Slip.

Conditional registration (D Plate) is also available for vehicles 30 years or older that have been modified. The RMS have issued a set of guidelines (VSI No.6) that address many examples of what modifications may or may not require certification by an RMS certified engineer. For example an engine capacity increase greater than 20% or a total wheel and tyre diameter increase by more than 7% would require certification. Modified vehicles that do not need certification must have a once off Blue Slip, than an annual Pink Slip. Vehicles requiring certification require an engineer's report confirming the current modifications plus a Blue Slip, than an annual Pink Slip.

Please refer to the overleaf flow chart for further guidance and feel free to contact our Plate Registrar for more information.

Kind Regards,
