The 55'56'57 Chevrolet Club of Australia Inc

19/08/2020

Hi All members

This monthly update serves as a notice for the following items that you need to be aware of in the future. Due to the **Covid** 19 issues we are still not able to hold club meetings at our normal venue or organised runs.

The committee has been talking via phone to try to start the club functioning again.

1 / Club Membership – please remit your membership fees asap as they are now due

2 / Club Registrations: please be aware that your car needs to be inspected by any of our three registrars for sign off.

If the paperwork and cars are not inspected and registration renewal forms are not signed off by one of the registrars and you take the unfinished paperwork to the RMS for payment, then the car will be deemed by the club to be incorrectly registered and will be seen as **UNREGISTERED**.

3 / Emails and all correspondence should be sent and addressed to the club Secretary.

If a general notice needs to be sent out as a broadcast email to all members, it will be done in a **BCC** email format with attachments so as to hide all private email addresses.

4 / CCS Facebook

The CCS Facebook account has been reinstated. “like“ the page please.

5 / Club Windscreen Stickers

From the last meeting, we agreed to get Adam to produce club stickers. They are now ready for distribution more about this later in this bulletin.

6 / AGM & Elections

Aldo has been in touch with **Dept of Fair Trading** about the AGM issues.

During the phone call they have stated that in general all clubs will be exempt from holding AGM's and Result submissions till the Covid situation has been lifted, and clubs can resume normal operations. With meeting numbers limited, our club venue cannot comply to the social distancing rules. The current committee will be in place till we have an AGM next year.

Once we resume general meetings, and at this stage possibly not till next year, the committee will give 30 days' notice in order that the next year's committee can be elected. Nominations will also be offered to all members wishing to become a committee member for 2021.

7 / Meeting

This leads me to the most exciting news so far for the year!!!

A casual meeting and please bring your car out for a drive!

The committee have at this stage thought of a way to have a small get together and to enable members to see each other in a venue that has exemptions in place including Covid plans as well. To seat 6 groups of 10 people.

We propose that for 60 members only we can have a general social greet at Enzo's at Austral. They will place tables well-spaced apart from their normal operation numbers.

Date Sunday 22/11/2020

Time 12.00pm-3.00pm

We propose to provide for these members entrée's and finger food and nibbles, soft drinks and coffee. If you wish to have any alcohol then members can purchase items over the bar.

The club will subsidise the total cost for all members.

If you are able to come, we must have members confirm their attendance by the start of November for catering numbers.

It would probably be a good idea to wear masks. The restaurant has sanitisers supplied.

As a bonus we will hand out the 2020/21 years membership cards and the new Car Windscreen stickers.

8 / Correspondence received

NSW Corvettes newsletter- April, July & August

SA Chev Car Club – Chevolution- July

Veteran & Vintage- The Royal mail -July

Club bank letter advising that the term deposit has been re invested

It's interesting to note that these clubs are still having meetings although limited in numbers attending, and some are still arranging runs

9 / Item for sale

A mate of mine Nigel Apps from the CCNSW has a 2-post hoist for sale approx. 7 years old and it's located in a workshop in Rydalmere, the hoist needs a height clearance of 3600mm high. It has a capacity of 9,000lbs(4200kg) He is asking \$1200-\$1500 negotiable. The hoist needs to go asap, If you are interested I can pass on his number

Yours faithfully

Bevan Joseph

55 56 57 Club Secretary on behalf of the Committee
