EDITORS NOTES

Hi Guys and Gals,

Welcome to a whole new year, and the February edition of our magazine.

Well what a Summer has it been? 40+ degree days certainly made it great weather for being an air conditioning hog!

The highlight for me over the Christmas break was an early morning trip with John Keogh and Charlie Pace to Summernats 32, my first one since Summernats 12, 20 years ago! Check out page 14 for the details.

The new location for the All American Car Show day was also a great success. With photos thanks to Steve Barks, check out pages 8 & 9.

Garry Wright (our club registrar) has asked if members can advise the due date of registration for each car you have on club rego, and email him at garynkay56@bigpond.com This is to keep records up to date.

Ads for the Classified Section are coming in more regularly. We are happy to list your items as space is available, but please do notify me if your items sell so I can allocate that space for other members ads.

Charlie and the Chocolate Factory has arrived at the Capitol Theatre in Sydney. My two girls were lucky enough to grab a picture with the promo car. The Oompa loompa's were the highlight for them. It was a great night out and highly recommended for young and old(er)

Happy Cruising
Ben

Photo Of the Month

Below: The Running On Empty Festival was on in Cobar late last year. Richard Moir (Roe, who drove Fox-1) and Terry Serio (Mike in the '57) were there for the occasion. The Challenger was hauled all the way from WA and there were lots of tribute cars - the Gazzard boys' EK Holden, the Rammer 1949 Chev, Mike's red XY GTHO, a few blue Police Falcon's, and of course a number of black '57's.

ALL AMERICAN DAY

According to all the reports, the new venue at Macarthur Square in Campbelltown was a screaming success. There were both open air and 'shade sail' areas for cars on display. It was a nice change for car owners and the crowds that came along. I was unable to attend so a big thanks to Steve Barks for taking a few pics for us.

Street MACHINE SUMMERNATS

AUSTRALIA'S BIGGEST HORSEPOWER PARTY

After a 3am finish to my son's 18th Birthday Party on Friday night, I was picked up at 5am by John Keogh and we headed for the Nat's. Picking up Charlie Pace along the way. I wisely took the rear seat to grab a few zzz's, and before I knew it we were there. We parked and made our way in to Exhibition Park, towards the glorious sound of blowers and the smell of tortured rubber.

We made our way to the trade halls and Top 100 cars. The standout '57 of the hall was the coupe of Joe Panzarino. It's fully loaded with; 900hp, blown, EFI, 400ci Chev, Reid case TH400, 41-spline sheet-metal 9in, Competition

Engineering four-bar, Ridetech tubular front, airbags, radical chassis, Wilwood brakes, full custom interior with A/C, Dakota Digital dash and red leather everywhere. There's also billet everywhere, plus 20x16 Boyds wheels wearing monster 33x22x20 M/T radials – it just goes on 'n' on. Epic car!

Amongst all the other cool cars, was this thing made with an old timber exterior below. I'm not sure what it was, but it was cool and 'ol mate' driving it was all the part in his skeleton suit, just staring out everyone as they walked past.

Street MACHINE SUMMER NATS

AUSTRALIA'S BIGGEST HORSEPOWER PARTY

It seem's as though patina and rust themed cars are here to stay. And the Nats had it's fair share of them for sure.

Left: With it's blown and injected 900hp big block, this '57 clocked up more than a few k's around Exhibition Park, but I'm pretty sure the distance he travelled is another story!

Skid Row was a very popular new addition to this year's format. Entrants were able to let loose for 100m, the challenge was to miss the concrete blocks in the 3.5m wide strip. At on point, John and myself were only standing a few feet apart but we had no chance of seeing a thing!

This blue 57 post had an awesome stance, and a sound to match.

After seeing all we wanted to see, we decided to head for home. A great day was had by all and I would like to thank John for driving down, and Charlie for driving the return trip.

HISTORIC AND CONDITIONAL (MODIFIED) REGISTRATION

HISTORIC AND CONDITIONAL (MODIFIED) REGISTRATION INCLUDING 60 DAY LOG BOOK

To be eligible for historic & conditional registration you must be a member of an RMS approved automotive car club such as ours. Membership of our club is \$80 per annum.

Historic and conditional registrations are both eligible for the 60 day log book trial. The trial allows you to drive your vehicle on 60 individual days at your own discretion. Club events and club sanction runs do not impact on the 60 day log book use.

Fees for concessional registration are set by the RMS & are currently \$51 for registration including green slip plus a once off payment of \$40 for new plates. Conditional registration also attracts an additional annual fee of \$25 to the ACMC.

Personalised plates need to be surrendered, transferred, or placed on hold; the latter attracts a holding fee & any other ongoing rental costs. It is hoped that the RMS may allow personalised plates with conditional registration sometime in the future.

Historic registration (H Plate) is essentially for vehicles 30 years or older that have not been modified, some consideration maybe allowed for manufacture/dealer approved accessories, Limited safety upgrades and unavailability of original parts. In our club registration requires an annual Pink Slip.

Conditional registration (D Plate) is also available for vehicles 30 years or older that have been modified. The RMS have issued a set of guidelines (VSI No.6) that address many examples of what modifications may or may not require certification by an RMS certified engineer. For example an engine capacity increase greater than 20% or a total wheel and tyre diameter increase by more than 7% would require certification. Modified vehicles that do not need certification must have a once off Blue Slip, than an annual Pink Slip. Vehicles requiring certification require an engineer's report confirming the current modifications plus a Blue Slip, than an annual Pink Slip.

Please refer to the overleaf flow chart for further guidance and feel free to contact one of our three Plate Registrars for more information.

Kind Regards,

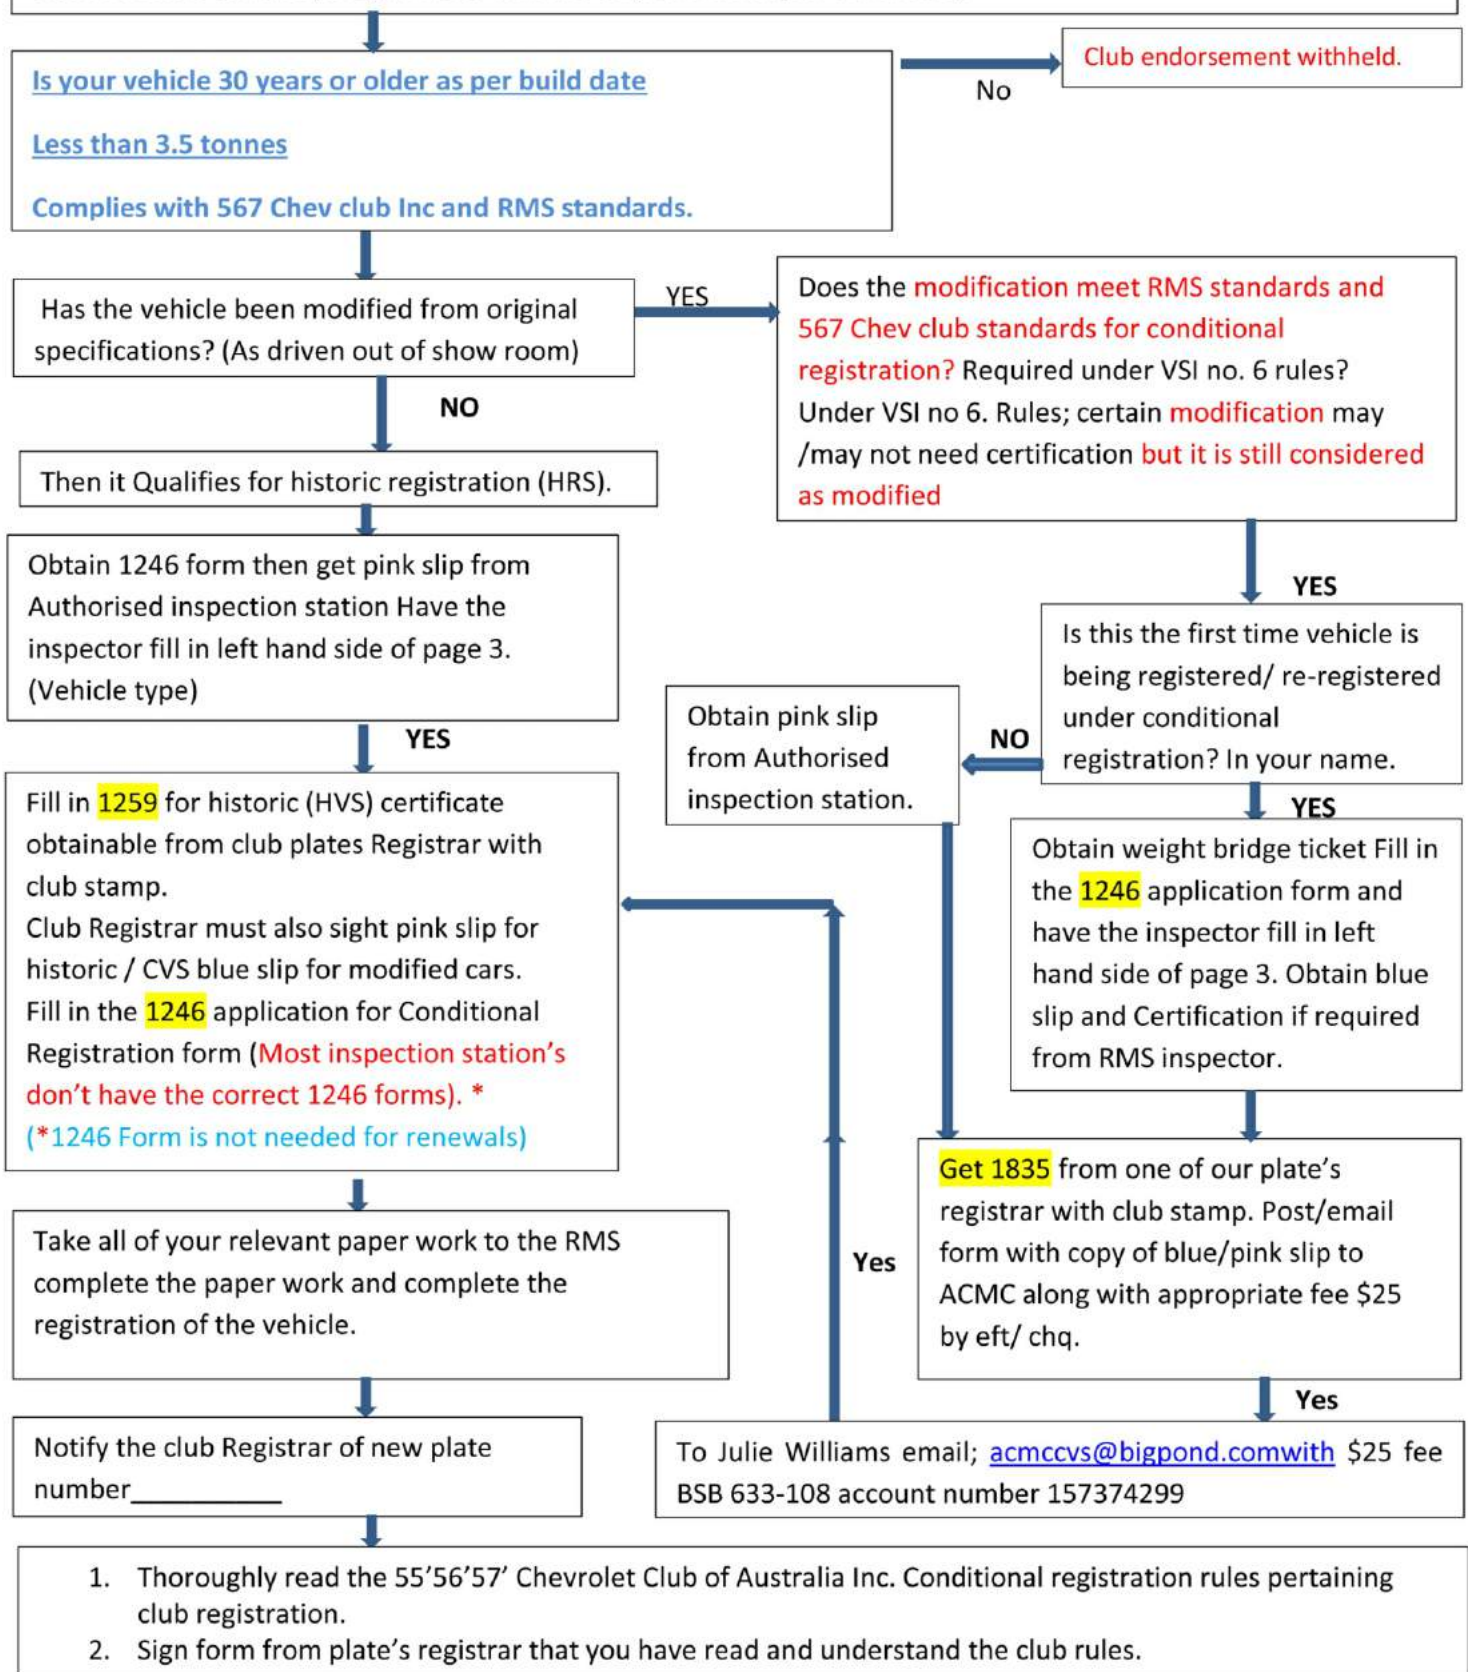

'55 '56 '57 Chevrolet Club of Australia.

The 55'56'57' Chevrolet Club Of Australia Inc. Process for conditional registration schemes

Regardless of whether you are renewing or applying for the first time for Historic or Classic vehicle registration before you preceed you must be a financial member of the Club, live in N.S.W. and hold current NSW drivers licence, the vehicle must be garaged in NSW

Thoroughly read all of the Roads and maritime services (RMS) rules pertaining to the conditional scheme to determine if your vehicle complies with their requirements that suit your vehicle check [RMS web site](#)
There are two conditional registration schemes that apply to our cars One is Historic vehicle scheme (HVS) Or two Classic vehicle scheme (CVS) vehicles must be 30 years old as per build date,
