## Important Notice all 55,56,57 Club members

With **HVRS & CVS** Concessional registration schemes

We have noticed lately that there have been quite a few members not addressing their renewal of RMS Permits for registration until they are close to or overdue.

It would be remiss of us not to let you know if you drive your car after the due date that you are driving an unlicensed vehicle and there for liable for a fine if you are caught.

The RMS sends out renewal notice's one month before the due date and a notice of cancelation one month after that date so the responsibility is all on the operator (Owner) of the vehicle the correct original form (HVRS 1259) or (CVS1835) these must be dated 2019.

You are encouraged to obtain your pink slip well before the due date of your registration and once done it has an expiry use by date of 42 days after the date of issue,

So, it makes sense that you get prepared early for the renewal. Once you receive the renewal notice proceed to get your pink slip ASAP.

This gives you time if there are any repairs are needed, then TYPE in the left side of your original Historic 1259 or for Classic vehicle 1835, with your renewal notice and make arrangements with one of our plate registrars for a suitable time for them to sign off and apply the club stamp and signature. Or make arrangements to see one of them at our club meetings.

**Gary Wright 0409 55 56 57, located Camden registrar 1@chevclub.com.au**

**Ken Taylor 0403 510 439, located Padstow registrar 2@chevclub.com.au**

**Aldo Mazzucco 0414 327 350, located Bexley registrar 3@chevclub.com.au**

Once this is done for **Historic** vehicle's you now only have to go to the RMS with the 1259 form and the original pink slip and pay the due fee.

For **Classic Vehicle Scheme** you need to post the original 1835 form to the ACMC, or you can scan it and send it after its been filled in along with a copy of your pink slip (do not send the original pink slip you will need this when going to RMS to renew registration) and enclose a payment of \$25 by cheque or electronic transfer (no cash payment to be sent in post) to.

Attention the Secretary ACMC ; Mr Terry Thompson; Postal address; PO box 419 Bexley 2207. Banking details **Account number 157 374 299 BSB 633-108** and wait for ACMC return mail it should take around 5-7 days. If you don't receive it within 10 days please contact the plate's registrar as the ACMC will not notify you if there is anything wrong.

We repeat (do not send the original pink slip you will need this when going to RMS to renew registration). Then go to the RMS and pay the due fee.

Thank you Gary Wright, Aldo Mazzucco and Ken Taylor Club Plate Registrars.

# PRESIDENTS REPORT

Hi Members,

Here we are in May. Easter has already come and gone.

Our annual Kiama run was another success and the weather couldn't have been any better - 25 degree sunny days and blue skies for all of us to enjoy. Some members were even game enough to go swimming in the ocean which was extremely calm for this time of year.

We all had a great time and enjoyed one another's company for the short break away and for the first time ever we witnessed a live marriage proposal in the park which is in front of the cabins and to congratulate the new happy couple (which we did not know) Aldo was kind enough to run out and give them a glass of white wine to help them celebrate their special evening.

We look forward to doing it all again next year.

We wish to congratulate Gary and Kay Wright for having their 56 yellow and black 4 door hardtop which was featured in the current Cruzin Magazine. Well done to you both.

I hope everyone enjoyed last months talk on "A Model Fords" - AAAA

Hope to see you all at our next Club meeting. Please let me know if you are attending so that we can organise the catering.

Regards

John Fenato

## GENERAL

Invited guest / New member - Ken Warburton came to the meeting with some friends from America Ron & Carol Mosher who are collectors of "A" Model Fords Ron kept us all spell bound with his rendition of cars that he has owned and modified, mainly 4 cylinder model A Ford race cars, even racing at the famous Bonneville Salt Flats.

His Model A has travelled all over the USA and even taking it to Europe for rallies. Building Race cars from scratch and even Belly Tank dragsters. They are staying with Ken for a few days and it was a great idea to bring them along for a very different meeting sharing the passion for cars. They are on their way to NZ for a Ford model A rally.

Some cars they have owned and built Chev's as well this is a list of a few - '55 Gasser, '55 Bel Air h/top, '62 Vette, '57H/Top, '56 Convertable, '58 H/Top, '59 Biscayne 348 & 409

Ken also discussed his Cronulla car show for pre 1940 cars. Looking for vehicles to attend.

Supporting Slivenvale Foundation. Displaying pre-WW2 cars, there are 70 cars entered.

April Magazine handed out by Ben Marks.

Reminder from the last few meetings a decision was made to feature our clubs' members cars on the front magazine cover. Ben Marks has asked that members send him a good resolution photo of their cars so he can size the correct settings for that page.

# EDITORS NOTES

Hi Everyone and welcome to the May edition of our magazine.

At last months club meeting we had a few new guys join the club, and 2 of them bought their cars along too. Ken Warburton drove his black '57 coupe and Carl King bought his stunning '61 Corvette.

This month is the last month for the arranged monthly meets for Grange Classic Garage and Karnutz at Penrith Homemakers Ctr. New dates will be advised soon.

The new Camden Car Show Flyer has been updated with a few changes and the new date. So please start spreading the news.

I attended the dawn service for Anzac Day this morning with my family. It's times like these that make me take a moment, stop and think if it wasnt for the Anzacs, life would be so much different for us all.

Please remeber them & cruze with pride.

# Gosford Classic Car Museum Auction Results

There were plenty of cool rides fetching big money at the Gosford Classic Car Museum auction on the weekend

JUST over a month ago, the news broke that the Gosford Classic Car Museum was closing its doors for good. While the circumstances around its closure are rather messy, there was one major positive – some seriously cool iron was up for grabs on the auction block.

The auction took place over the weekend, with some solid numbers being put down in the pursuit of owning some true Aussie classics. We do need to point out that the prices listed below are just estimates, based off the auction live stream, as Lloyds Auctions does not publish the final figures of the winning bids.

A super-rare '71 E38 Charger was optioned with the bigger fuel tank, making for hot bidding that ended up in the vicinity of \$137,000 (est).

This HQ SS went for a little less money than predicted, potentially due to the LPG system and non-original donk under the bonnet. It still fetched an estimated \$55,000.

The Camaro built by Chip Foose was a big surprise when the numbers started flashing up, as many argued that the car would be an acquired taste styling-wise. It was asking near \$200,000 when the hammer came down

This police-spec VK Commodore SL pulled in roughly \$39,000. Big bucks for an old Commodore, but values of VKs in particular have really been on the rise recently.

\* Story & pictures thanks to Street Machine magazine & whichcar.

Spokesperson for the auction, and former F1 world champ, Alan Jones said although there was lots of interest from overseas buyers only 2 were successful, proof that Aussie car collectors value their classic cars and heritage. Below are just some of the other classics that now have proud new owners.

1964 Aston Martin DB5 - \$1,550,000

2006 Aston Martin DBRS9 - \$225,000

1997 Aussie Invader III LSR Jet - \$455,000

1959 Ferrari 250 Testarossa – \$275,000 (final known bid)

1962 Ferrari 250 GTE - \$400,000 (final known bid)

1976 Ferrari 365 GT4 BB - \$520,000

2006 Ferrari Superamerica \$510,000

1992 Ferrari Testarossa 512TR - \$270,000

1980 Holden/HDT VC Brock Commodore - \$94,000

2015 HSV GTS Maloo - \$79,000

1985 Lamborghini Countach 5000 QV - \$500,000

1999 Lamborghini Diablo SV - \$340,000

2017 Nissan R35 GT-R Nismo - \$237,500

2002 Porsche 911 GT2 - \$195,000 (final known bid)

2016 Porsche 911 R - \$650,000

1993 Porsche 928 GTS - \$90,000

1997 TVR Cerbera - \$77,000

The Gosford Museum leaves a final note after the auction, posting on Facebook the following:

“A massive thank you to all our staff, the community for the support over the past few years and of course Lloyds Auctions for the amazing work they have done in getting these incredible results for our beautiful cars.”

## ADVERTISEMENT'S

I think we all love those old car advertisement's. Here are a few that were sent in to me by Brynn Miller. Although probably not recommended nowadays, they should bring a smile to your dial!

### USE CAR'S EXHAUST TO CLEAN CUSHIONS

Using the exhaust gas of the automobile to clean the upholstery is the accomplishment of a recently invented device. An aluminum attachment is fastened to the exhaust pipe and the engine is allowed to idle. As the exhaust gas passes through this device suction is created at the inlet hole. Collected by a nozzle, the dust and dirt are drawn through the hose and expelled into the air at the rear of the car. It is made in three models, for cars of different size.

With the car's engine idling, gas from the exhaust creates a vacuum that cleans the cushions

WHEN HER RAMBLER NEEDS ITS FIRST CHASSIS LUBRICATION

He's two. The Rambler's brand-new. He'll be five, most likely, and riding to kindergarten, when the Rambler Classic needs its first lube job\*. Meanwhile, it will travel twice as far as a 1940 engine oil changes as any previous model.

In high school, if he drives this Rambler, it will still have the same Ceramic-Armored muffler and tailpipe. (Should either rust out, collision damage excepted, free replacement for the original owner will be made by a Rambler dealer. That's guaranteed.)

Sound like the car of a lifetime? It is. The starter and generator are lubricated for life. Rambler Single-Unit construction, with its hundreds of extra welds, stays remarkably free from squeaks and rattles.

And Deep-Dip rustproofing, right up to the roof, makes Rambler the world's most rustproofed car.

Someday there may be a completely service-free car that lasts forever. Today Rambler comes closest. Come get the full story from your Rambler dealer.

\*Chassis lubrication lasts 3 years or 33,000 miles which ever occurs first.

## HISTORIC AND CONDITIONAL (MODIFIED) REGISTRATION

### HISTORIC AND CONDITIONAL (MODIFIED) REGISTRATION INCLUDING 60 DAY LOG BOOK

To be eligible for historic & conditional registration you must be a member of an RMS approved automotive car club such as ours. Membership of our club is \$80 per annum.

Historic and conditional registrations are both eligible for the 60 day log book trial. The trial allows you to drive your vehicle on 60 individual days at your own discretion. Club events and club sanction runs do not impact on the 60 day log book use.

Fees for concessional registration are set by the RMS & are currently \$51 for registration including green slip plus a once off payment of \$40 for new plates. Conditional registration also attracts an additional annual fee of \$25 to the ACMC.

Personalised plates need to be surrendered, transferred, or placed on hold; the latter attracts a holding fee & any other ongoing rental costs. It is hoped that the RMS may allow personalised plates with conditional registration sometime in the future.

Historic registration (H Plate) is essentially for vehicles 30 years or older that have not been modified, some consideration maybe allowed for manufacture/dealer approved accessories, Limited safety upgrades and unavailability of original parts. In our club registration requires an annual Pink Slip.

Conditional registration (D Plate) is also available for vehicles 30 years or older that have been modified. The RMS have issued a set of guidelines (VSI No.6) that address many examples of what modifications may or may not require certification by an RMS certified engineer. For example an engine capacity increase greater than 20% or a total wheel and tyre diameter increase by more than 7% would require certification. Modified vehicles that do not need certification must have a once off Blue Slip, than an annual Pink Slip. Vehicles requiring certification require an engineer's report confirming the current modifications plus a Blue Slip, than an annual Pink Slip.

Please refer to the overleaf flow chart for further guidance and feel free to contact one of our three Plate Registrars for more information.

Kind Regards,

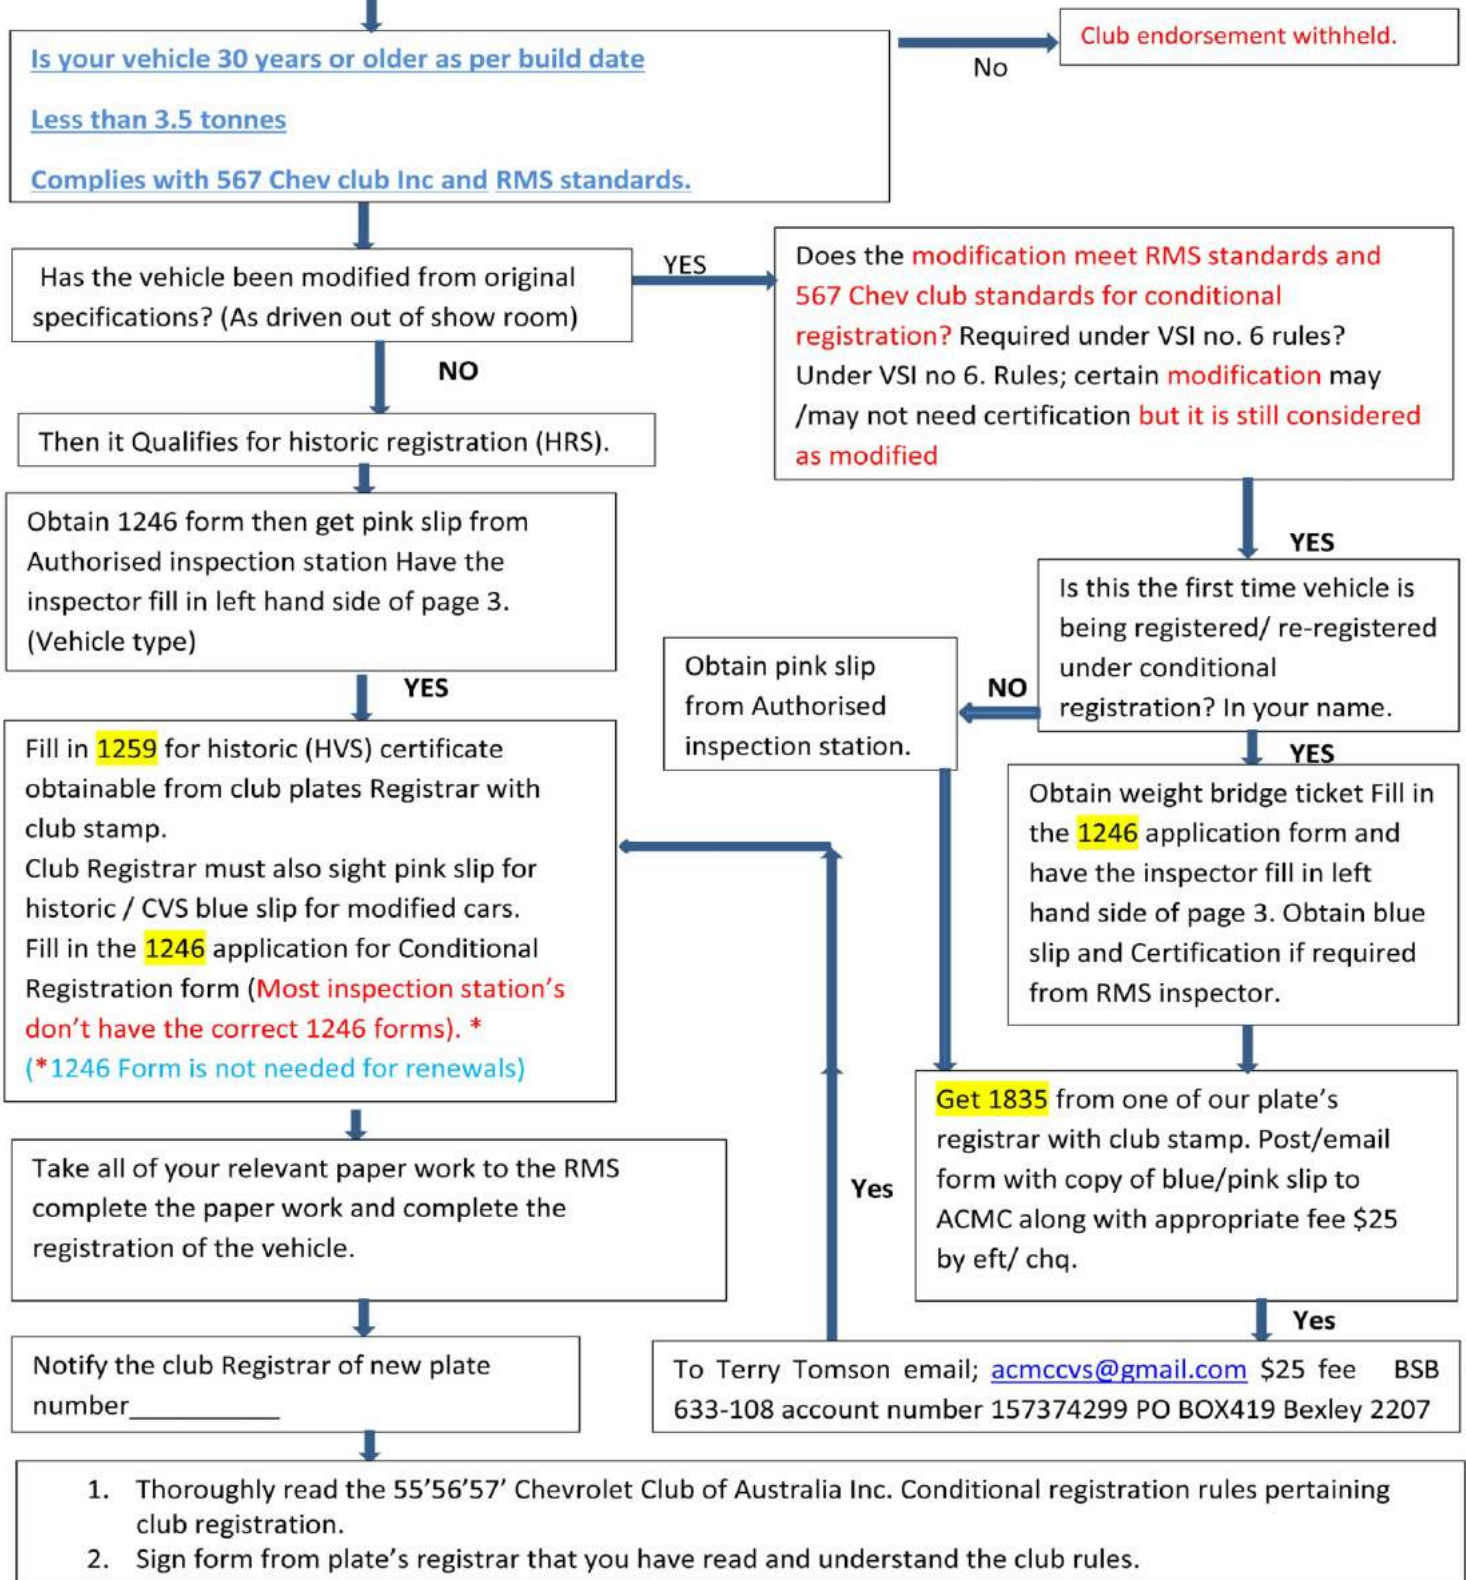

'55 '56 '57 Chevrolet Club of Australia.

## The 55'56'57' Chevrolet Club Of Australia Inc. Process for conditional registration schemes

Regardless of whether you are renewing or applying for the first time for Historic or Classic vehicle registration before you proceed you must be a financial member of the Club, live in N.S.W. and hold current NSW drivers licence, the vehicle must be garaged in NSW

Thoroughly read all of the Roads and maritime services (RMS) rules pertaining to the conditional scheme to determine if your vehicle complies with their requirements that suit your vehicle check [RMS web site](#)  
There are two conditional registration schemes that apply to our cars One is Historic vehicle scheme (HVS) Or two Classic vehicle scheme (CVS) vehicles must be 30 years old as per build date,
