It is fast approaching our annual car show at Camden on the 21st October. We would like to see as many members and friends come along, and volunteers are most appreciated as without your help we could not have the success.

I would like to thank all members who attended the 42nd National Chevrolet Festival & congratulate all those who won a trophy. We truly enjoyed the 3 day event at Forster / Tuncurry and a special thank you to the festival committee for a great time.

Ben Marks has provided photos of this event and I would like to say thank you for making the effort to come.

Please do not forget this years Christmas party on November 18th at Enzo Cucina. The deadline is no later than the 14th October. Contact John Fenato on 0418238919 to confirm.

CVS & HVRS Schemes

PLEASE NOTE CHANGES TO REGISTRAR As a result, from the resignation Gary Wright, Aldo Mazzucco has taken over the role of Club Registrar AM is inspecting cars to judge CVS/HVRS rego acceptance and sorting out paperwork for renewal of rego for all members. Authorized club members doing the same Aldo Mazzucco and Ken Taylor. The procedure for the form signature MUST be adhered to as has been printed many times in the magazine. Our 2 authorized signatories are able to sign the form and the renewal CANNOT be done without the correct procedure. Reported that the RMS have also made mistakes by registering cars and handing out the incorrect plates. No Hand-written pink slips acceptable Blue slip is valid only for 42 days No more rego labels will be issued on CVS/HCRS Make sure that the engineering certification notes are put on the rego papers CVS/ HVRS scheme will notify RMS on in registered cars and the police will fine heavily

Camden Car Show 2018 The show site has been confirmed as Onslow Park, the same as last year's location. JF has asked for volunteers to help run the show as GW is no longer involved. Council will no longer be a sponsor, JF has to now negotiate with them hoping for a pleasant outcome without sparks flying! Vintage FM & Grizzly Adams booked NRMA confirmed as a new sponsor \$400.00 promised Business stalls are being prospected Council paperwork processed Cruizing magazine will place 2 free ads and do an editorial in magazine Gazebo has now been purchased and is at JF's place for storage.

Camden Car Show 2019 New venue to be investigated due to council changing goal posts all of the time. Suggestion-Flea market at Liverpool X Roads, Trash & treasure location. Bankstown Paceway, Gledswood Winery or Menangle Paceway. JF to investigate. A charity has to be sought for the show A name change -If the location is different-Bring back the "567 Classic Car Show" name An advertising sign discussed ,but Camden Council will not approve signage without a DA and all of the problems that creates.

MINUTES

Club Sponsors JF is having trouble in securing renewal's. We currently have 25 paid up sponsors. The common question asked is "What's In It For Me". Businesses are finding it hard to justify investment without the club members supporting them in return.

EDITORS NOTES

Hi Guys and Gals,

Welcome to the October edition of our magazine.

There have been a few changes over the past month. Amongst one of the better ones is the our updated 567 Chev Club logo. Please let me know your thoughts.

The Chevrolet Breafast organised by Brynn Miller at Nepean Rowing Club was a very nice day out. Please see the story kindly written by Bevan on pages 14 & 15.

The other highlight this month was the 42nd National Chevrolet Festival in Forster / Tuncurry. I made a trip up on the Saturday morning. Check out my repot on pages 16-17.

The weather has been great and there are lots of events popping up all the time so it does make it hard to list them all in the Events page. If you would like to promote any events, please email me at editor@567chevclub.com.au

And finally, Camden Car Show is just three weeks away. Please tell your friends and I hope to see you all there.

Happy Cruising
Ben

Combined September CLUB RUN NEPEAN ROWERS 2018

Hi All 55 56 57 and CCNSW members,

*As you are well aware that both club committees are trying to boost run numbers by combining some events at both clubs, **this was our second combined event***

What a success!!

I was expecting a quite a few members to come from the 567 club, as a lot of people had indicated that they will come. I left home early this morning in my '68 Impala as we had arranged to be there by 8.00am-8.15 am.

Well a good surprise, the faithful 567 members were there already travelling from the south. Garry & Chris Tant in their Corvette, Gary and Kay Wright '56, John arrived in the '38 coupe and Bryn & Rhonda Miller '57 Nomad and two mates who drove his '65 Mustang and '56 Thunderbird, which Bryn has just purchased from the "Lost in the 50's museum. And finally, Campbell Osman '57.

I had a few CCNSW members call me to come as well, John Farrier '57, and Joe & Angela Buttigieg '57, Greg Woollam arrived riding his new Triumph bike, Angelo '67 Impala, Max & Hazel Elsley in their '57 She", Con & Ellie Poulos '57. As well as Wayne & Wilma Hulbert '57

More '57 chevs than the 567 club showed up. A good mix of cars and likeminded people. We had a great breakfast at the Rowers club, thankfully arranged by Bryn, who had arranged the run.

This venue proved to be most successful, we all were catered for very well, Scrambled egg, bacon and sausage, mushrooms and tomatoes, topped off by coffees. Just arriving a little late were Ben and Georgia Marks '57, they had slept in just a little.

The Chef awarded the car of the day -Gary & Kay Wright's '56 and the second car was John Farriers '57. The Ladies prizes were all handed out as well. .

If have missed any names I am sorry, I did not take a list.

We all agreed that the venue was great and would like now to make this a permanent run each year. The subsidised meal was excellent supplied by the rowers club caterers.

42nd National Chevrolet Festival -Forster /Tuncurry NSW

21st - 24th September 2018

After having to decline an invite from Joe D'Alfonso to drive his Red '57 convertible up on Thursday, I jumped in my 'other car' at sparrows on Saturday morning and made the 300km trek to Forster.

I arrived just on 8am to meet Joe, John Fenato, Frank Mamone and John Walker. I was greeted to the hotel with a nice bacon and egg breakfast before we all headed out for the day.

John and myself went in John's '40 coupe, and Frank and John were in Joe's '57. After filling up with some guzzeline, we headed over to Tuncurry beach for directions for the days 120km poker run.

Starting at Forster, we travelled about 30km to Nahiack for the first card, and then another 30km up the freeway up to Downtown Customs at Taree for the second card. We spent about an hour here browsing thru the amazing workshop facilities before heading 30km north again up to Coopernook Pub for the third card. Here we had lunch and a few drinks on the rivers edge which was a great atmosphere. After lunch, Joe again offered for me to drive his car back to Forster. I was a little reluctant at driving such an awesome car, so Frank was then offered and he was also a bit nervous. I never thought you would see two blokes declining to drive a '57 convertible! After I came to my senses, I grabbed the keys and we all got in, Joey in the back. Joe was a great encouragement in how he wanted me to drive. Pulling out on to the freeway, I waited for some passings cars, followed Joe's instructions and we all instantly had smile's on our faces. Those smiles turned upside down about 300 meters up the road when a set of red and blue lights ignited from the center median in the freeway! After he turned around in a blaze of glory and approached at a good rate, our smiles were returned when he blasted past us and proceeded to pull over one of the cars that I had waited for!

The rest of the drive back to Forster was uneventful and we arrived back in Tuncurry for our last card. I'm not sure how we went, but it was a great day out in all. That night we returned to the hotel for a few drinks, lots of laughs, a few more drinks and dinner. The next day (Sunday) we scrubbed up and headed over to the show and shine. John was volunteered as one of the judges for the day, so Frank and I went for a gawk at the Chev's on display. There was a great variety of cars from authentic, hot rod's, street machine's, rat rods, Corvette's, Camaro's, Chevelle's, commercials, you name it. I had to leave just after lunch so I was unable to go to Sunday nights presentation at the Tuncurry Bowling Club. I do know that Joe was awarded for 'Best Exterior.Modified'. I would like to thank both John's, Frank, Joe for a really enjoyable weekend.

HISTORIC AND CONDITIONAL (MODIFIED) REGISTRATION

HISTORIC AND CONDITIONAL (MODIFIED) REGISTRATION INCLUDING 60 DAY LOG BOOK

To be eligible for historic & conditional registration you must be a member of an RMS approved automotive car club such as ours. Membership of our club is \$80 per annum.

Historic and conditional registrations are both eligible for the 60 day log book trial. The trial allows you to drive your vehicle on 60 individual days at your own discretion. Club events and club sanction runs do not impact on the 60 day log book use.

Fees for concessional registration are set by the RMS & are currently \$51 for registration including green slip plus a once off payment of \$40 for new plates. Conditional registration also attracts an additional annual fee of \$25 to the ACMC.

Personalised plates need to be surrendered, transferred, or placed on hold; the latter attracts a holding fee & any other ongoing rental costs. It is hoped that the RMS may allow personalised plates with conditional registration sometime in the future.

Historic registration (H Plate) is essentially for vehicles 30 years or older that have not been modified, some consideration maybe allowed for manufacture/dealer approved accessories, Limited safety upgrades and unavailability of original parts. In our club registration requires an annual Pink Slip.

Conditional registration (D Plate) is also available for vehicles 30 years or older that have been modified. The RMS have issued a set of guidelines (VSI No.6) that address many examples of what modifications may or may not require certification by an RMS certified engineer. For example an engine capacity increase greater than 20% or a total wheel and tyre diameter increase by more than 7% would require certification. Modified vehicles that do not need certification must have a once off Blue Slip, than an annual Pink Slip. Vehicles requiring certification require an engineer's report confirming the current modifications plus a Blue Slip, than an annual Pink Slip.

Please refer to the overleaf flow chart for further guidance and feel free to contact one of our three Plate Registrars for more information.

Kind Regards,

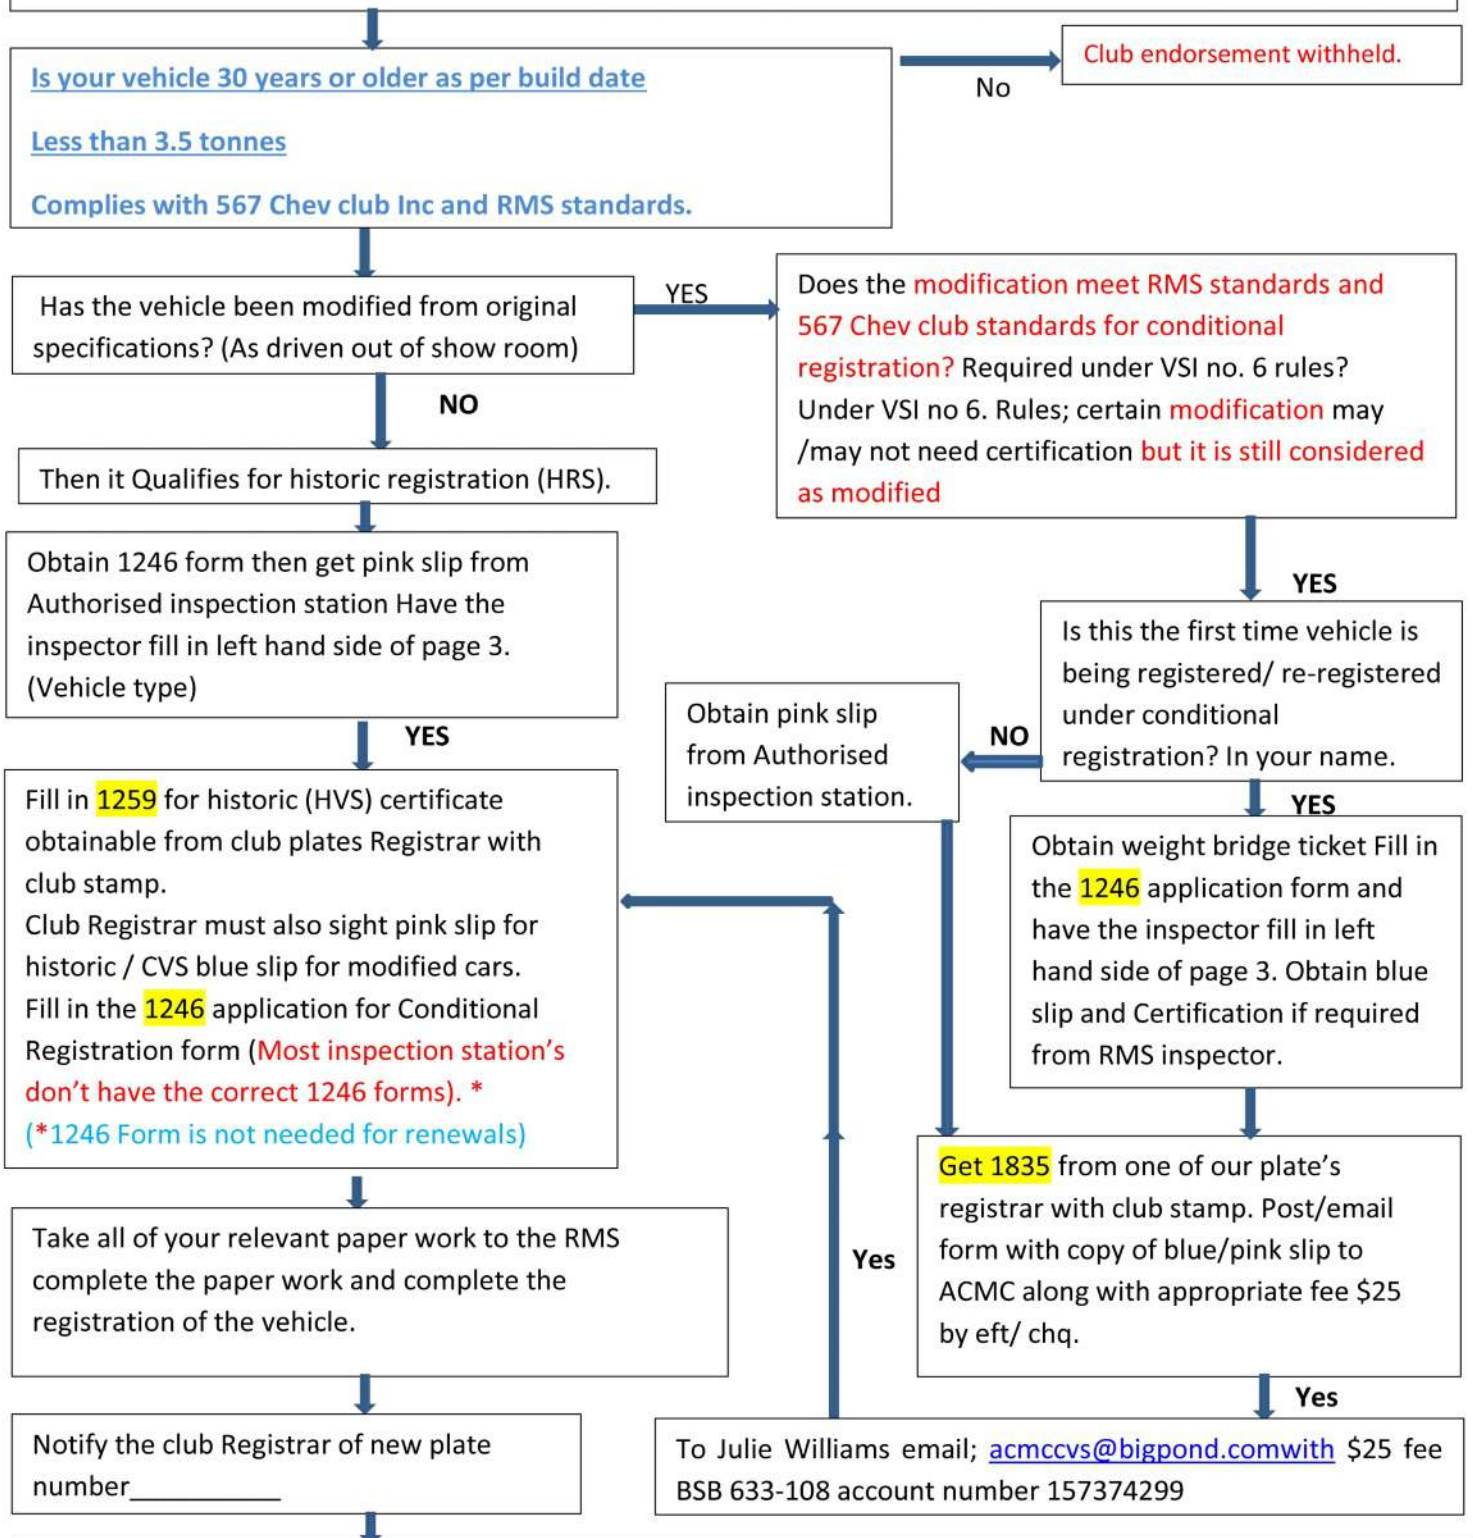

'55 '56 '57 Chevrolet Club of Australia.
