Important Notice all 55,56,57 Club members

With **HVRS & CVS** Concessional registration schemes

We have noticed lately that there have been quite a few members not addressing their renewal of RMS Permits for registration until they are close to or overdue.

It would be remiss of us not to let you know if you drive your car after the due date that you are driving an unlicensed vehicle and there for liable for a fine if you are caught.

The RMS sends out renewal notice's one month before the due date and a notice of cancelation one month after that date so the responsibility is all on the operator (Owner) of the vehicle the correct original form (HVRS 1259) or (CVS1835) these must be dated 2019.

You are encouraged to obtain your pink slip well before the due date of your registration and once done it has an expiry use by date of 42 days after the date of issue,

So, it makes sense that you get prepared early for the renewal. Once you receive the renewal notice proceed to get your pink slip ASAP.

This gives you time if there are any repairs are needed, then TYPE in the left side of your original Historic 1259 or for Classic vehicle 1835, with your renewal notice and make arrangements with one of our plate registrars for a suitable time for them to sign off and apply the club stamp and signature. Or make arrangements to see one of them at our club meetings.

Gary Wright 0409 55 56 57, located Camden registrar 1@chevclub.com.au

Ken Taylor 0403 510 439, located Padstow registrar 2@chevclub.com.au

Aldo Mazzucco 0414 327 350, located Bexley registrar 3@chevclub.com.au

Once this is done for **Historic** vehicle's you now only have to go to the RMS with the 1259 form and the original pink slip and pay the due fee.

For **Classic Vehicle Scheme** you need to post the original 1835 form to the ACMC, or you can scan it and send it after its been filled in along with a copy of your pink slip (do not send the original pink slip you will need this when going to RMS to renew registration) and enclose a payment of \$30 by cheque or electronic transfer (no cash payment to be sent in post) to.

Attention the Secretary ACMC ; Mr Terry Thompson; Postal address; PO box 419 Bexley 2207. Banking details **Account number 157 374 299 BSB 633-108** and wait for ACMC return mail it should take around 5-7 days. If you don't receive it within 10 days please contact the plate's registrar as the ACMC will not notify you if there is anything wrong.

We repeat (do not send the original pink slip you will need this when going to RMS to renew registration). Then go to the RMS and pay the due fee.

Thank you Gary Wright, Aldo Mazzucco and Ken Taylor Club Plate Registrars.

Registration inspections- Transport of unregistered cars- GW has confirmed with the RMS, that if an unregistered car is driven straight to the inspection station its ok.

General discussion held and it was suggested that an Unregistered Permit be purchased from the RMS for a minimal sum, this would be more legal and solve any third-party accident issues that could arise. Please make sure that the car is actually booked in for the inspection as police will check the stories. Fines are being issued as a result of mis communication.

Reminder from the last few meetings a decision was made to feature our clubs' members cars on the front magazine cover. Ben Marks has asked that members send him a good resolution photo of their cars so he can size the correct settings for that page,

EDITORS NOTES

Hi Everyone,

Welcome to another edition of our magazine.

One thing I really do like about this club is the friendships I have made within it, and the friendships that other members have also made. It's not just having a good chin wag at the meetings or catching up at a show, it's when those guys step up and help you out with nothing in return expected.

Coming home from last months Sunday club run, a certain member, whom I will let remain nameless for now, found himself on the side of the road unexpectedly. Within 2 phone calls, another member who was also on the run returned to his place to swap his car for a tow vehicle, hired a trailer and went to retrieve our 'Ferned' friend! And it didn't stop there.

The big Chev was towed back to member #2's place and this is where it gets good. Member #2 then offered to take his car to his mechanic the following morning, and member #1 with the broken car could take member #2's club car home until they could conveniently catch up throughout the week! Now that's what I call cool.

Next month's magazine will be packed full of Camden Car Show. How's that for being positive? As we have mentioned before, your help setting up early in the past has been awesome, and we look forward to seeing you bright and early on October 20th.

Happy Cruising

Ben

GREENWAY PLAZA - 2019/19

With a new fuel pump, a new diff centre, and a bunch of \$\$\$, John Keogh invited myself and my daughter Georgia for another maiden voyage, this time to Greenway Plaza, Weatherill Park in Sydneys West. There were over 400 cars of all sorts on display. These photos were the highlights of the Chev's on display. The night was organised by the Southwest Muscle Car Club, with 100% of the entrant money (\$5275.55) and the online auction money (\$10,250.00) raised on the night was donated to the family of Nik 'Meltem' Rigby who sadly lost his battle against mental health.

Charlie Pace had saved us a parking spot, which all filled up quite fast. We set up the cars, had a bite to eat at one of the many food outlets in the plaza, and then went and checked out the cars. There were 2 carparks, and an enclosed building full of cars.

Around 8pm everyone gathered around for the auction which had some great prizes on offer. It was a nice contribution to the Rigby family.

After the auction it was time to hand out the awards for the cars on display. Charlie Pace was 'jokingly disappointed' when he didn't win anything in the raffles, but was completely humbled when he was awarded Best Car of the Show. Congratulations mate, you put so much in to your car and the community, I reckon you deserve it!

THE MARSDEN HOTEL CAR SHOW

With his car going like a trooper again, JK fronted up to the Marsden Hotel Car Show the very next morning. Not being an early morning person, I rocked up a little later.

It was only a small show but had a great variety of cars, many new ones at that. It was all over by 11pm. John clearly had the nicest '57 there easily.

Below: This car had the most amazing paint in the sun. At the right angle, it turned from orange, to green, and to yellow.

New Member - Craig Hibberd

A huge thank you to my big sister [Jacky Humphreys](#), who really went out of her way to help me pick up our beautiful brother Robert's pride and joy, his 55 Chevy from the car restoration specialist [Garynkay Wright](#)
Thanks Gary !

And an especially huge Thank You to Mum and Dad [Terese Hibberd](#) and Rob, for helping have the Chev in our lives again.

After a couple months of work and lots of \$ to pass engineering blue slip we are back on the road with our new club rego ...after being off the road for about 10 years ..

Can't say I didn't have a few tears as Dad and i cruised down Northern road from Camden to Windsor ..

Can't wait to organise a day to take Roberts 3 girls my 3 beautiful nieces Elly, Sophie and Olivia for a drive ...

Robert would be so happy for me to do this and it's so great I can share it and the wonderful memories of their amazing Dad

My brother who we lost 10 years ago to cancer bought this Chev as a rusted wreck out of a pad-dock when he was about 20 years old ..

He spent a couple of years restoring it with lots of help from his mates and Dad did lots too. He won the Kidney caper car event which amazingly had a Prize that shipped this car back to the USA in the early 1990s too. It must be one of very few Chev's return to the USA 35 years after manufacture. Robert and Kate flew over to meet it ..and the Chev was on display at a huge car show.

This car has been in the family for 30 years and it just means so much to me/us.

We recently arrived to our wedding in it which was very special too ..

Was used for My sister Jacky's wedding to [Russell Humphreys](#) too about 28 years ago

Was used for Roberts wedding too.

So [Suzanne Hibberd](#) you need to hurry up and tie the knot too so I can drive you to yours too lol

A 65 year old car was probably not the car update [Luke Kelly](#) was thinking about but honestly every time I'm in that car makes me feel like I'm 15 years old cruising to Harry's cafe D wheels at Kings cross with my big Brother with me in charge of the secret woof whistle horn as we passed the lady's of the night ... this car gives me pure Joy and it feels like Robert is right there with you

HISTORIC AND CONDITIONAL (MODIFIED) REGISTRATION

HISTORIC AND CONDITIONAL (MODIFIED) REGISTRATION INCLUDING 60 DAY LOG BOOK

To be eligible for historic & conditional registration you must be a member of an RMS approved automotive car club such as ours. Membership of our club is \$80 per annum.

Historic and conditional registrations are both eligible for the 60 day log book trial. The trial allows you to drive your vehicle on 60 individual days at your own discretion. Club events and club sanction runs do not impact on the 60 day log book use.

Fees for concessional registration are set by the RMS & are currently \$51 for registration including green slip plus a once off payment of \$40 for new plates. Conditional registration also attracts an additional annual fee of \$30 to the ACMC.

Personalised plates need to be surrendered, transferred, or placed on hold; the latter attracts a holding fee & any other ongoing rental costs. It is hoped that the RMS may allow personalised plates with conditional registration sometime in the future.

Historic registration (H Plate) is essentially for vehicles 30 years or older that have not been modified, some consideration maybe allowed for manufacture/dealer approved accessories, Limited safety upgrades and unavailability of original parts. In our club registration requires an annual Pink Slip.

Conditional registration (D Plate) is also available for vehicles 30 years or older that have been modified. The RMS have issued a set of guidelines (VSI No.6) that address many examples of what modifications may or may not require certification by an RMS certified engineer. For example an engine capacity increase greater than 20% or a total wheel and tyre diameter increase by more than 7% would require certification. Modified vehicles that do not need certification must have a once off Blue Slip, than an annual Pink Slip. Vehicles requiring certification require an engineer's report confirming the current modifications plus a Blue Slip, than an annual Pink Slip.

Please refer to the overleaf flow chart for further guidance and feel free to contact one of our three Plate Registrars for more information.

Kind Regards,

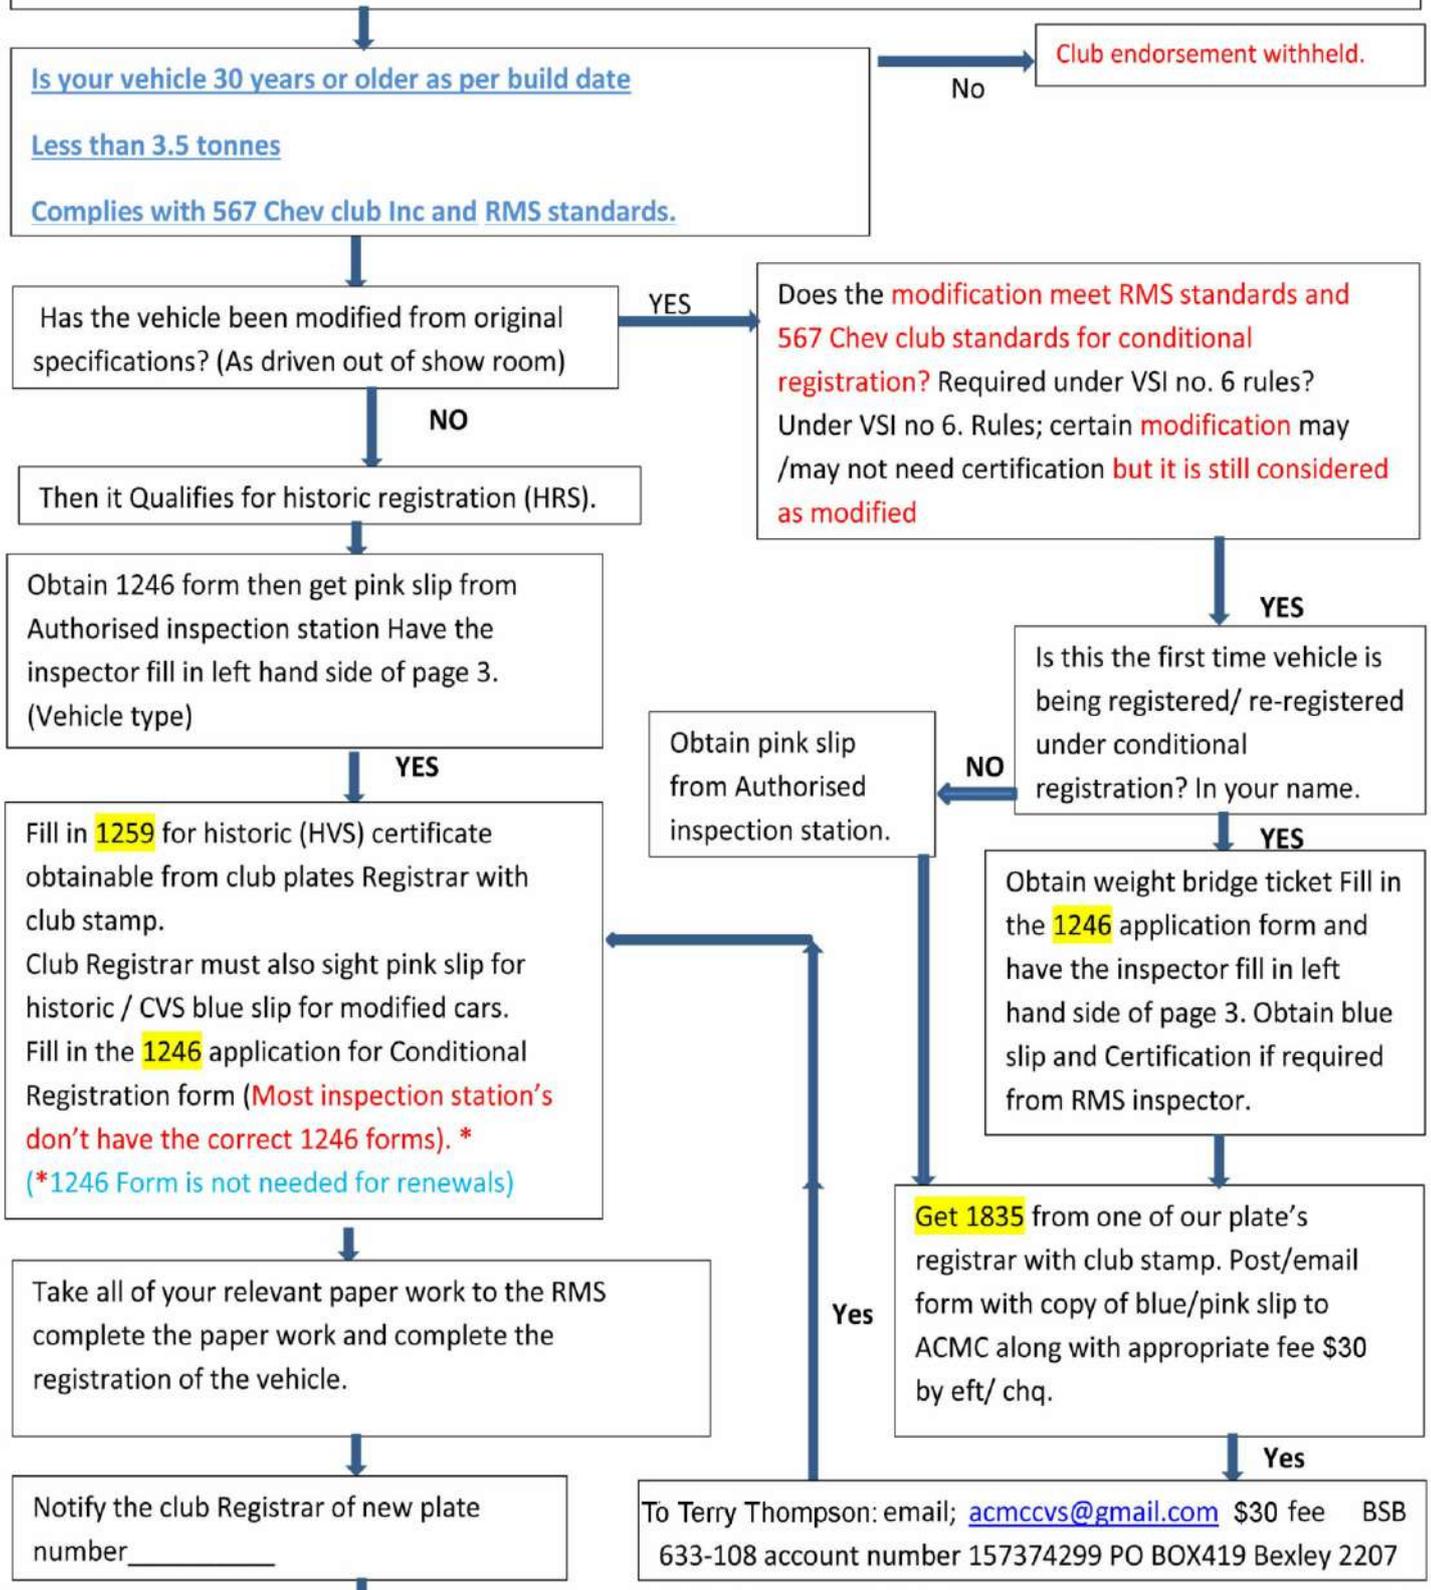

'55 '56 '57 Chevrolet Club of Australia.
